

3 Burner Brewer

With a low profile, our traditional glass decanter brewer fits into any office environment or decor. It's easy to use and clean. Each of the three hot plates can be independently shut off, or used to keep up to 3 different pots of coffee warm at once.

Corporate Coffee Systems makes the morning routine seem more like a trip behind the coffee shop counter.

Features include:

- Ready to brew light
- 3 warming stations
- High quality, easy to clean stainless steel
- Hot water option
- Pour-in water or direct water line plumbed

Specifications:

Dimensions: 17" H x 16.25" W x 16.75" D

Electrical: 120V ac

Plumbing: 1/4" plumbed cold water

Your Coffee-Break Will Never Be The Same
