

# WL250

The WL250 delivers on a promise of endless refreshing chilled water for your workplace. It features multi-stage filtration and BioCote antimicrobial technology. Its business friendly design and guaranteed reliability ensure you have all the quality cold and hot water you can drink!

## Features Include:

- Cold, hot, and extra hot water options
- Recessed faucet to prevent contamination
- Drip tray drainage options
- BPA Free and better for the environment (No plastic bottles)
- Energy save mode
- Ultraviolet (UV) light sanitation
- UV indicator and drip tray alarm
- Simple water connection set up

## BioCote antimicrobial technology

Surfaces surrounding the dispensing areas are infused with BioCote. This keeps your water cooler fresher for longer, and makes contact surfaces more hygienic.
