

EVERPURE

Taste the difference good water makes. Did you know that 98% of coffee is water? That's why we have partnered with EVERPURE to offer a water filter that can be installed on your coffee brewer or bottleless cooler.

FEATURES INCLUDE:

- 1/2 Submicron Filtration
- 1,500 - 3,000 gallon capacity
- Automatic shut-off
- Easy installation
- Backed by EVERPURE, Inc., a leader in water purification

Ever wonder what's in your office tap water?

Not all water is the same! In fact, water quality can differ by neighborhood, by building and even by floor. So, how can you make sure your office water and coffee are clean and safe?

Filtration Facts

- Eliminates foul odors & taste.
- Reduces impurities & water contaminants.
- Eliminates harmful cysts & bacteria.
- NSF & ANSI certified.
